SUBJECT:

Variance request to Municode Chapter 46-236(7)/(a) related to the age of mobile homes allowed in Lot 6, Block 11, El Gran Valle, at 11551 Riverside Rd. to allow the installation of a 2011 double-wide mobile home.

SUMMARY:

The property matter of this request is about 4,000' feet westerly located from Socorro Rd. This property has an estimated area of 21,931 sf. (0.50 ac.). It is owned by Lydia (Leyva) Bueno, per EPCAD records.

BACKGROUND:

The property is currently vacant. An old single-wide mobile home was removed in 2020 with the intention of replacing it with a new one. Petitioner is asking for a variance to the year of the mobile home allowed in the property. The owner claims that they should be granted a variance due to an unexpected sickness.

STATEMENT OF THE ISSUE:

The issue is that the Zoning Ordinance does not allow mobile homes older than 8 years. There are no permits found within our records for the removal of the old mobile home.

ALTERNATIVE:

An alternative is to follow the requirements under section 46-236 for the R-1 zones.

STAFF RECOMMENDATION:

The Planning and Zoning Department recommends APPROVAL because the following reasons:

1. Literal enforcement of the ordinance will result in unnecessary hardship.

ARTICLE III. - NONCONFORMING STRUCTURES AND USES

Sec. 46-137. - Defined; policy, purpose and intent.

- (a) Lots, structures, uses of land and structures and characteristics of use that were lawful before this chapter was passed or amended, but which would be prohibited, regulated, or restricted under the terms of this chapter or future amendment, are nonconforming. It is the intent of this chapter to permit these nonconformities to continue until they are removed, but not to encourage their survival. It is further the intent of this chapter that nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district. It is not the intent of this chapter to authorize, and this chapter shall not be construed to authorize, uses which constitute public or private nuisances or are otherwise prohibited by law or regulations.
- (b) Nonconforming uses are declared by this chapter to be incompatible with, or not within the meaning of, permitted uses in the district in which located a nonconforming use of a structure, a nonconforming use of land, or a nonconforming use of structure and land in combination shall not be extended or enlarged after passage of this chapter by attachment or additions on a building or premises or by placement of additional signs intended to be seen from off premises or by the addition of other uses, of a nature which would not be permitted generally in the district involved.

(Ord. No. 76, § 6(1), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-138. - Construction in progress.

- (a) To avoid undue hardship, nothing in this chapter shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the effective date of the adoption or amendment from which this chapter is derived and upon which actual building construction has been carried on diligently according to the city's building inspector and within the timeframe outline in the required permits.
- (b) The term "actual construction," for purposes of this section, means the placing of construction materials in permanent position and fastened in a permanent manner. Where excavation, demolition, or removal of an existing building has been substantially begun preparatory to rebuilding, such excavation, demolition, or removal shall be deemed to be actual construction, provided that work shall be carried on diligently as determined by the city's building inspector.

(Ord. No. 76, § 6(1), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-139. - Lots of record.

- (a) In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on any single lot of record at the effective date of adoption of this chapter. Such lots must be in separate ownership. This provision shall apply even though such lots fail to meet the requirements for the area, width, or both, that are generally applicable in the district, provided that yard dimensions and requirements other than those applying to area, width, or both, of the lot shall conform to the regulations for the district in which such lot is located.
- (b) Variance of yard requirements shall be obtained only through action of the board of adjustment. All commercial nonconforming lots structures and uses shall apply for a business registration in order to maintain their nonconforming status.
- (c) If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this chapter, and if all or part of the lots do not meet the requirements established for lot width and area, the lands involved shall be considered to be an undivided parcel for the purposes of this chapter, and no portion of the parcel

shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this chapter, nor shall any division of any parcel be made which creates a lot with width or area below the requirements stated in this chapter.

(Ord. No. 76, § 6(2), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-140. - Uses.

- (a) If lawful use involving individual structures, or structures and premises in combination, exists at the effective date of adoption or amendment of terms of this chapter, the lawful use may be continued until the compliance date as established by the board of adjustment. The use must cease on that date and it may not operate thereafter unless it becomes a conforming use.
- (b) The board of adjustment shall, in accordance with the law, provide a compliance date for the nonconformity under a plan whereby the owner's actual investment before the time that the nonconformity was created can be amortized within a definite time period. The board will consider the following factors in determining a reasonable amortization period:
 - (1) The owners capital investment in nonconforming structures, fixed equipment and other assets (excluding inventory and other assets that may be feasibly transferred to another site) on the property before the time the nonconformity was created by passage of this chapter or an amendment to it.
 - (2) Any costs that are directly attributable to the establishment of compliance date, including demolition expenses, relocation expenses, termination of leases, and discharge of mortgages.
 - (3) Any return on investment since inception of the use, including net income and depreciation.
 - (4) The anticipated annual recovery of investment, including net income and depreciation.

(Ord. No. 76, § 6(3), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-141. - Continuance of nonconformities.

Until the compliance date, the nonconformity may continue so long as it remains otherwise lawful, subject to the following provisions:

- (1) No existing structure devoted to a use not permitted by this chapter in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located.
- (2) Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption of this chapter, but no such use shall be extended to occupy any land outside such building.
- (3) Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use shall thereafter conform to the regulations for the district, and the nonconforming use may not thereafter be resumed.
- (4) When a nonconforming use of a structure, or structure and premises in combination, is discontinued or abandoned for six consecutive months or for 18 months during any three-year period (except when government action impedes access to the premises), the structure, or structure and premises in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located.
- (5) Where nonconforming use status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land. Destruction for the purpose of this subsection is defined as damage to an extent of more than 50 percent of the replacement cost at time of destruction.

(Ord. No. 76, § 6(4), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-142. - Repairs and maintenance.

Work may be done on any nonconforming structure or portion of a structure or conforming structure or portion of a structure containing a nonconforming use in any period of 12 consecutive months on repairs, including, without limitation, repair or replacement of nonbearing walls, fixtures, wiring, or plumbing, to an extent not exceeding 25 percent of the current replacement cost of the nonconforming structure or nonconforming portion of the structure, provided that the enclosed area existing when it became nonconforming shall not be increased.

(Ord. No. 76, § 6(5), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-143. - Conditional uses may not be classified as nonconforming uses.

Any use that is permitted as a conditional use shall not be deemed a nonconforming use in such district, but shall without further action be considered a conforming use.

(Ord. No. 76, § 6(6), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

SUBJECT:

Variance request to Municode Chapter 46-238(2)(d) related to the rear property setbacks required for Lot 13, Block 2, Socorro Village, at 744 Ortiz Ln. to allow an addition.

SUMMARY:

The property matter of this request is about 1,300' feet westerly located from Socorro Rd. This property has an estimated area of 9,438 sf. (0.22 ac.). It is owned by Julian & Norma Urbina, per EPCAD records.

BACKGROUND:

The main structure was built in 1984 per EPCAD records. An addition was made to the garage in 1992 per permit issued by the city. A utility permit was issued for a sewer connection in 1998. The owner provided a letter from an engineer to certify a footing in November 2000 and a building permit for an addition was issued by the city. The inspection card shows that the final inspections were never approved.

STATEMENT OF THE ISSUE:

The issue is that the Zoning Ordinance requires a 25' foot setback in the rear of this property. The zoning classification is R-1.

ALTERNATIVE:

An alternative is to follow the requirements under section 46-236 for the R-1 zones.

STAFF RECOMMENDATION:

The Planning and Zoning Department recommends DENIAL because the following reasons:

1. Contrary to the public interest,
2. Literal enforcement of the ordinance will NOT result in unnecessary hardship. The owner claims that due to the shape of the lot they are limited in the area that can be improved.
3. The spirit of the ordinance is NOT observed, and substantial justice is NOT done.

ARTICLE III. - NONCONFORMING STRUCTURES AND USES

Sec. 46-137. - Defined; policy, purpose and intent.

- (a) Lots, structures, uses of land and structures and characteristics of use that were lawful before this chapter was passed or amended, but which would be prohibited, regulated, or restricted under the terms of this chapter or future amendment, are nonconforming. It is the intent of this chapter to permit these nonconformities to continue until they are removed, but not to encourage their survival. It is further the intent of this chapter that nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district. It is not the intent of this chapter to authorize, and this chapter shall not be construed to authorize, uses which constitute public or private nuisances or are otherwise prohibited by law or regulations.
- (b) Nonconforming uses are declared by this chapter to be incompatible with, or not within the meaning of, permitted uses in the district in which located a nonconforming use of a structure, a nonconforming use of land, or a nonconforming use of structure and land in combination shall not be extended or enlarged after passage of this chapter by attachment or additions on a building or premises or by placement of additional signs intended to be seen from off premises or by the addition of other uses, of a nature which would not be permitted generally in the district involved.

(Ord. No. 76, § 6(1), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-138. - Construction in progress.

- (a) To avoid undue hardship, nothing in this chapter shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the effective date of the adoption or amendment from which this chapter is derived and upon which actual building construction has been carried on diligently according to the city's building inspector and within the timeframe outline in the required permits.
- (b) The term "actual construction," for purposes of this section, means the placing of construction materials in permanent position and fastened in a permanent manner. Where excavation, demolition, or removal of an existing building has been substantially begun preparatory to rebuilding, such excavation, demolition, or removal shall be deemed to be actual construction, provided that work shall be carried on diligently as determined by the city's building inspector.

(Ord. No. 76, § 6(1), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-139. - Lots of record.

- (a) In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on any single lot of record at the effective date of adoption of this chapter. Such lots must be in separate ownership. This provision shall apply even though such lots fail to meet the requirements for the area, width, or both, that are generally applicable in the district, provided that yard dimensions and requirements other than those applying to area, width, or both, of the lot shall conform to the regulations for the district in which such lot is located.
- (b) Variance of yard requirements shall be obtained only through action of the board of adjustment. All commercial nonconforming lots structures and uses shall apply for a business registration in order to maintain their nonconforming status.
- (c) If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this chapter, and if all or part of the lots do not meet the requirements established for lot width and area, the lands involved shall be considered to be an undivided parcel for the purposes of this chapter, and no portion of the parcel

shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this chapter, nor shall any division of any parcel be made which creates a lot with width or area below the requirements stated in this chapter.

(Ord. No. 76, § 6(2), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-140. - Uses.

- (a) If lawful use involving individual structures, or structures and premises in combination, exists at the effective date of adoption or amendment of terms of this chapter, the lawful use may be continued until the compliance date as established by the board of adjustment. The use must cease on that date and it may not operate thereafter unless it becomes a conforming use.
- (b) The board of adjustment shall, in accordance with the law, provide a compliance date for the nonconformity under a plan whereby the owner's actual investment before the time that the nonconformity was created can be amortized within a definite time period. The board will consider the following factors in determining a reasonable amortization period:
 - (1) The owners capital investment in nonconforming structures, fixed equipment and other assets (excluding inventory and other assets that may be feasibly transferred to another site) on the property before the time the nonconformity was created by passage of this chapter or an amendment to it.
 - (2) Any costs that are directly attributable to the establishment of compliance date, including demolition expenses, relocation expenses, termination of leases, and discharge of mortgages.
 - (3) Any return on investment since inception of the use, including net income and depreciation.
 - (4) The anticipated annual recovery of investment, including net income and depreciation.

(Ord. No. 76, § 6(3), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-141. - Continuance of nonconformities.

Until the compliance date, the nonconformity may continue so long as it remains otherwise lawful, subject to the following provisions:

- (1) No existing structure devoted to a use not permitted by this chapter in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located.
- (2) Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption of this chapter, but no such use shall be extended to occupy any land outside such building.
- (3) Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use shall thereafter conform to the regulations for the district, and the nonconforming use may not thereafter be resumed.
- (4) When a nonconforming use of a structure, or structure and premises in combination, is discontinued or abandoned for six consecutive months or for 18 months during any three-year period (except when government action impedes access to the premises), the structure, or structure and premises in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located.
- (5) Where nonconforming use status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land. Destruction for the purpose of this subsection is defined as damage to an extent of more than 50 percent of the replacement cost at time of destruction.

(Ord. No. 76, § 6(4), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-142. - Repairs and maintenance.

Work may be done on any nonconforming structure or portion of a structure or conforming structure or portion of a structure containing a nonconforming use in any period of 12 consecutive months on repairs, including, without limitation, repair or replacement of nonbearing walls, fixtures, wiring, or plumbing, to an extent not exceeding 25 percent of the current replacement cost of the nonconforming structure or nonconforming portion of the structure, provided that the enclosed area existing when it became nonconforming shall not be increased.

(Ord. No. 76, § 6(5), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

Sec. 46-143. - Conditional uses may not be classified as nonconforming uses.

Any use that is permitted as a conditional use shall not be deemed a nonconforming use in such district, but shall without further action be considered a conforming use.

(Ord. No. 76, § 6(6), 5-1-1989; Ord. of 12-21-1995, § I; Ord. of 11-7-2002, § 6)

SUBJECT:

Variance request to Ordinance 76, Amendment 1A, Amendment 1, Section 3 Area Requirements (2)(b) related to the side property setbacks required for Tract 5C12 & 6D1, Block 27, Socorro Grant, at 420 Figueroa to allow existing horse stalls to remain as built.

SUMMARY:

The property matter of this request is about 1,470' feet easterly located from Socorro Rd. This property has an estimated area of 27,909 sf. (0.6407 ac.). It is owned by Rafaela Hernandez, per EPCAD records.

BACKGROUND:

The property currently has horse stalls that were built along the property line. These stalls were built in the latter part of 2019.

STATEMENT OF THE ISSUE:

Petitioner is asking for a variance to the setbacks required for structures that are built along the property line. The Ordinance requires a 15' feet setback in agricultural zones.

ALTERNATIVE:

An alternative is to comply with the required setbacks.

STAFF RECOMMENDATION:

The Planning and Zoning Department recommends APPROVAL because the following reasons:

1. Literal enforcement of the ordinance will result in unnecessary hardship since the stalls were built in consensus with the neighbor to separate their property lines, according to the applicant.

SUBJECT:

Variance request to Municode Chapter 46-236(7)/(a) related to the age of mobile homes allowed in Lot 2, Block 8, El Gran Valle, at 11611 Valle Bonito Rd. to allow an existing 2003 mobile to remain installed.

SUMMARY:

The property matter of this request is about 6,130' feet westerly located from Socorro Rd. This property has an estimated area of 20,013 sf. (0.46 ac.). It is owned by Susana Coronel, per EPCAD records.

BACKGROUND:

The property currently has a 2003 mobile home installed without a permit. There are no other improvements in record.

STATEMENT OF THE ISSUE:

The issue is that the Zoning Ordinance does not allow mobile homes older than 8 years. The applicant stated that due to the pandemic, they are limited in funds and are unable to move the mobile home.

ALTERNATIVE:

An alternative is to follow the requirements under section 46-236 for the R-1 zones and allow only a mobile home that is not older than 8 years old.

STAFF RECOMMENDATION:

The Planning and Zoning Department recommends DENIAL because the following reasons:

1. This request is contrary to the public interest.
2. There are no special conditions so that literal enforcement of the ordinance would result in unnecessary hardship.
3. The spirit of the code is not observed and there is no substantial justice made.

To whom it may concern,

On March 25, 2020, I wrote to you about a mortgage I have been paying on the mobile home that you financed, This Mobile Home was deeded to me Daniel Lopez in September 19, 2006. I previously sent you a copy of the Contract Agreement, I am requesting a balance or information on the original note under VICTOR J. ZAMORA, LOAN NUMBER 71416416. I was looking for a payoff on loan number 71416416. I have been paying on this account and would like a payoff amount.

I understand that the payoff principle balance is \$5,711.32 in which I request a reduction in this amount, due to the pandemic we are enduring, I ask that you reduce this payment and except \$ 3,500.00 to bring account to a close.

I ask that you entertain this amount and except the payoff of \$3500.00 Three Five Hundred Dollars. I would like to bring this account to a close.

Thank you for your attention to this matter. I can be reached at (915)301-6138.

SUBJECT:

Variance request to Municode Chapter 46-238(2)(c) related to the side property setbacks required for Lot 22, Block 3, Hillcrest Manor & Tract 4C6D, Block 3, Socorro Grant, at 901 Horizon Blvd. to allow an accessory structure to remain in the existing location.

SUMMARY:

The property matter of this request is at the intersection of Horizon and Patti Jo. This property has an estimated area of 53,330 sf. (1.22 ac.). It is owned by Aber Dick, per EPCAD records.

BACKGROUND:

The main area was built in 2002 per EPCAD records. An accessory structure was added to the side of the building for storage. In July 2020, a code enforcer noticed the additional structure that was placed within the required setbacks and a noticed was issued.

STATEMENT OF THE ISSUE:

The issue is that the Zoning Ordinance requires a 10' foot setback in the side of this property.

ALTERNATIVE:

An alternative is to follow the setback requirements under section 46-238(2)(c) for R-1 zones per section 46-415(2).

STAFF RECOMMENDATION:

The Planning and Zoning Department recommends APPROVAL because the following reasons:

1. Literal enforcement of the ordinance will result in unnecessary hardship. Moving the accessory structure closer to the building to meet the setbacks could potentially impact the drive thru traffic.

CITY OF SOCORRO

LOCATION MAP

Scale: AS SHOWN

I would like to request a variance to reduce side setback to eight inches on placement of a storage container, otherwise known as a shipping container. I did not know that this would be classified as a building and didn't take out a building permit. The container is not attached to the ground in anyway, shape or form. First, they gave me a notice of violation for "unauthorized storage unit placed on side", then I got one for "no building permit". I am not sure if the inspector knows what to charge me with.

The container was placed on the property in a professional manor and the surrounding landscaping, including mature trees, were not disturbed. If anything, I have been complimented for the way it looks, since I even painted it to match the main building. In almost two years, I have never had a complaint from customers or people living in the surrounding neighborhood. The container does not interfere with customers view entering or existing the parking lot.

If forced to move the container, not only would it require me to remove the two of the three mature trees, but most importantly, it would interfere with my drive thru. My drive- thru is presently, and has been for over a year, my only means of doing business with my customers. If forced to move this container, it would cause great losses to my business and also leave me with no space to store my surplus inventory. The only space next to me is a Sweepstakes business and it has a long term lease.

Your help is greatly appreciated and I thank you in advance for a favorable outcome.

Thanks again,

Carlos Lazo
