## **INTRODUCTION**

The City of Socorro is a city in El Paso County, Texas, United States on the north bank of the Rio Grande southeast of El Paso and on the border of Mexico. As of 2010 census, the number population of the City is 32,013. It is part of the El Paso Metropolitan Statistical Area. The city, founded in 1680 by Piro Native Americans from the vicinity of Socorro, New Mexico and Spanish refugees from the Pueblo Revolt in New Mexico, and first incorporated in 1871, was re-incorporated in 1985 in response to an annexation attempt from neighboring El Paso and is now El Paso County's second-largest municipality, after El Paso. It has a council manager type of government with five city council members.

The City of Socorro recognizes its responsibility to provide fairness and equity in all of its programs, services, and activities regardless of race, color or national origin and that it must abide by and enforce federal and state civil rights legislation related to city government. Title VI of the Civil Rights Act of 1964, is the overarching civil rights law that prohibits discrimination based on race, color, or national origin, in any program, service or activity that receives federal assistance. Specifically, Title VI assures that, “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity receiving federal assistance.” Title VI has been broadened by related statutes, regulations and executive orders. Discrimination based on sex is prohibited by Section 324 of the Federal-Aid Highway Act, which is the enabling legislation of the Federal Highway Administration (FHWA). The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 prohibit unfair and inequitable treatment of persons as a result of projects which are undertaken with Federal financial assistance. The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of federal-aid recipients and contractors whether those programs and activities are federally funded or not. In addition to statutory authorities, Executive Order 12898, “Federal Actions to

Address Environmental Justice in Minority Populations and Low-Income Populations,” signed in February of 1994, requires federal agencies to achieve Environmental Justice as part of its mission by identifying disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations. Environmental Justice Initiatives are accomplished by involving the potentially affected public in the development of transportation projects that fit within their communities without sacrificing safety or mobility. In 1997, the U.S. Department of Transportation (USDOT) issued its DOT Order to Address Environmental Justice in Minority Populations and Low- Income Populations to summarize and expand upon the requirements of Executive Order 12898 on Environmental Justice. Also, Executive Order 13166, “Improving Access to Services for Persons with Limited English Proficiency (LEP),” provides that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program or activity that receives Federal financial assistance.

As a recipient of federal financial assistance, the City of Socorro must provide access to individuals with limited ability to speak, write, or understand the English language. The Municipality will not restrict an individual in any way from the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under its programs or projects. Individuals may not be subjected to criteria or methods of administration, which cause adverse impact because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program because of race, color or national origin. Therefore, the primary goals and objectives of the City’s Title VI Program are:

1. To assign roles, responsibilities, and procedures for ensuring compliance with Title VI of the Civil Rights Act of 1964 and related regulations and directives;
2. To ensure that people affected by City programs and projects receive the services,

benefits, and opportunities to which they are entitled without regard to race, color, national origin, age, sex, or disability;

3. To prevent discrimination in the City of Socorro programs and activities, whether those programs and activities are federally funded or not;

4. To establish procedures for identifying impacts in any program, service, or activity that may create illegal adverse discrimination on any person because of race, color, national origin, age, sex, or disability; or on minority populations, low-income populations, the elderly, and all interested persons and affected Title VI populations;

5. To establish procedures to annually review Title VI compliance within specific program areas within the City;

6. To set forth procedures for filing and processing complaints by persons who believe they have been subjected to illegal discrimination under Title VI in City services, programs or activities.

As the sub-recipient of federal transportation funds, the City of Socorro must comply with federal and state laws, and related statutes, to ensure equal access and opportunity to all persons, with respect to transportation services, facilities, activities, and programs, without regard to race, color, religion, national origin, sex, socio-economic status, or geographical location. Every effort will be made to prevent discrimination in any program or activity, whether those programs and activities are federally funded or not, as guaranteed by the Civil Rights Restoration Act of 1987.

The City shall also ensure that their sub-recipients adhere to state and federal law and include in all written agreements or contracts, assurances that the sub-recipient must comply with Title VI and other related statutes. The City, as a sub-recipient

who distributes federal transportation funds, shall monitor their sub-recipients for voluntary compliance with Title VI. In the event that non-compliance is discovered, the City will make a good faith effort to ensure that the subrecipient corrects any deficiencies arising out of complaints related to Title VI; and that subrecipients will proactively gauge the impacts of any program or activity on minority populations and low-income populations, the elderly, persons with disabilities, all interested persons and affected Title VI populations.

### **Discrimination under Title VI**

There are two types of illegal discrimination prohibited under Title VI and its related statutes. One type of discrimination, which may or may not be intentional is “disparate treatment.” Disparate treatment is defined as treating similarly situated persons differently because of their race, color, national origin, sex, disability, or age. The second type of illegal discrimination is “disparate impact.” Disparate impact discrimination occurs when a “neutral procedure or practice” results in fewer services or benefits, or inferior services or benefits, to members of a protected group. With disparate impact, the focus is on the consequences of a decision, policy, or practice rather than the intent.

The City of Socorro’s efforts to prevent such discrimination must address, but not be limited to, a program’s impacts, access, benefits, participation, treatment, services, contracting opportunities, training, investigation of complaints, allocation of funds, prioritization of projects, and the overarching functions of planning, project development and delivery, right-of-way, construction, and research.

The City has developed this Title VI Plan to assure that services, programs, and activities of the City are offered, conducted, and administered fairly, without regard to race, color, national origin, sex, age, or disability of the participants or beneficiaries of federally funded programs, services, or activities (see Title VI Assurances).

**CITY OF SOCORRO**  
**TITLE VI NON-DISCRIMINATION**  
**POLICY STATEMENT**

The City of Socorro reaffirms its policy to allow all individuals the opportunity to participate in federal financially assisted services and adopts the following provision:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” In applying this policy, the City and its sub-recipients of federal funds shall not:

1. Deny any individual with any services, opportunity, or other benefit for which such individual is otherwise qualified;
2. Provide any individual with any service, or other benefit, which is inferior (in quantity or quality) to, or which is provided in a different manner from that which is provided to others;
3. Subject any individual to segregated or disparate treatment in any manner related to such individual’s receipt of services or benefits;
4. Restrict an individual in any way from the enjoyment of services, facilities or any other advantage, privilege or other benefit provided to others;
5. Adopt or use methods of administration, which would limit participation by any group of recipients or subject any individual to discrimination;

6. Address any individual in a manner that denotes inferiority because of race, color, or national origin;
7. Permit discriminatory activity in a facility built in whole or in part with federal funds;
8. Deny any segment of the population the opportunity to participate in the operations of a planning or advisory body that is an integral part of a federally funded program;
9. Fail to provide information in a language other than English to potential or actual beneficiaries who are of limited English speaking ability, when requested and as appropriate;
10. Subject an individual to discriminatory employment practices under any federally funded program whose objective is to provide employment;
11. Locate a facility in any way, which would limit or impede access to a federally-funded service or benefit.

The City of Socorro will actively pursue the prevention of any Title VI deficiencies or violations and will take the necessary steps to ensure compliance. If irregularities occur in the administration of the program's operation, procedures will be promptly implemented to resolve Title VI issues all within a period not to exceed 90 days.

The City of Socorro designates Adriana Rodarte, Human Resources Director, as the Title VI Coordinator. The Title VI Coordinator will be responsible for initiating and monitoring Title VI activities and other required matters, ensuring that the City of Socorro complies with the Title VI regulations and pursues prevention of Title VI deficiencies or violations.

Complaints: If any individual believes that he/she or any other program beneficiaries have been the object of unequal treatment or discrimination as to the receipt of benefits and/or service, or on the grounds of race, color, national origin (including Limited English Proficiency), sex, age or disability, he/she may exercise his/her right to file a complaint with the City. Complaints may be filed with the Title VI Coordinator. Every effort will be made to resolve complaints informally at the lowest level.

Data Collection: Statistical data on race, color, national origin, English language ability and sex of participants in and beneficiaries of the City programs; e.g., impacted citizens and affected communities will be gathered and maintained by the City. The gathering procedures will be reviewed annually to ensure sufficiency of the data in meeting the requirements of the Title VI program.

The Title VI Coordinator will coordinate efforts to ensure the equal participation in all their programs and activities at all levels. The City does not have any special emphasis programs at this time.

Title VI Reviews on Sub-Recipients: Title VI compliance reviews will be conducted annually by the Title VI Coordinator. Priority for conducting reviews will be given to those recipients of federal (U.S. Department of Transportation) funds with the greatest potential of impact to those groups covered by the act. The status of each review will be reported in the annual update and reported to relevant U.S. Department of Transportation (USDOT) modes upon request.

When deficiencies are found, procedures will be promptly implemented to correct the deficiencies and to put in writing the corrective action(s). The period to determine corrective action(s) and put it/them in writing to effect compliance may not exceed 90 days from the date the deficiencies are found.

## **ENVIRONMENTAL JUSTICE**

Compliance with Title VI includes ensuring that no minority or low income population suffers “disproportionately high and adverse human health or environmental effect” due to any “programs, policies and activities” undertaken by any agency receiving federal funds. This obligation will be met by the City in the following ways:

- When planning specific programs or projects, identifying those populations that will be affected by a given program or project.
- If a disproportionate effect is anticipated, following mitigation procedures.
- If mitigation options do not sufficiently eliminate the disproportionate effect, discussing and, if necessary, implementing reasonable alternatives

Disproportionate effects are those effects which are appreciably more severe for one group or predominantly borne by a single group. The City will use U.S. Census data to identify low income and minority populations.

Where a project impacts a small number or area of low income or minority populations, the City will document that:

- Other reasonable alternatives were evaluated and were eliminated for reasons such as the alternatives impacted a far greater number of people or did greater harm to the environment, etc.
- The project’s impact is unavoidable,
- The benefits of the project far out-weigh the overall impacts; and
- Mitigation measures are being taken to reduce the harm to low income or minority populations.

If it is concluded that no minority and/or low income population groups are present in the project area, the City will document how the conclusion was reached. If it is determined that one or more of these population groups are present in the area, the

City will administer potential disproportionate effects test.

The following steps will be taken to assess the impact of the project on minority and/or low income population groups:

**STEP ONE:** Determine if a minority or low income population is present within the project area. If the conclusion is that no minority and/or low income population is present within the project area, document how the conclusion was reached. If the conclusion is that there are minority population and/or low income population groups present, proceed to Step Two.

**STEP TWO:** Determine whether project impacts associated with the identified low income and minority populations are disproportionately high and adverse. In doing so, refer to the list of potential impacts and questions contained in Appendix E. If it is determined that there are disproportionately high and adverse impacts to minority and low income populations, proceed to Step Three.

**STEP THREE:** Propose measures that will avoid, minimize and/or mitigate disproportionately high and disproportionate adverse impacts and provide offsetting benefits and opportunities to enhance communities, neighborhoods and individuals affected by proposed project.

**STEP FOUR:** If after mitigation, enhancements and off setting benefits to the affected populations, there remains a high and disproportionate adverse impact to minority or low income populations, then the following questions must be considered:

Question 1: Are there further mitigation measures that could be employed to avoid or reduce the adverse effect to the minority or low income population?

Question 2: Are there other additional alternatives to the proposed action that

would avoid or reduce the impacts to the low income or minority populations?

Question 3: Considering the overall public interest, is there a substantial need for the project?

Question 4: Will the alternatives that would satisfy the need for the project and have less impact on protected populations (a) have other social economic or environmental impacts that are more severe than those of the proposed action (b) have increased costs of extraordinary magnitude?

**STEP FIVE:** Include all findings, determinations or demonstrations in the environmental document prepared for the project.
