This permit is issued on the express condition that the work allowed shall conform to the statements specified in the building & site plans. All work shall be performed in compliance with the provisions set forth in the ordinances of the City of Socorro, Texas.

NOTE TO SOLAR POWER INSTALLERS: Electrical and/or structural engineer's stamp may be required for submitted plans.

NOTE TO ELECTRICIANS: It is required by code to install two (2) grounds at service.

NOTE TO PLUMBERS: **Cellular Core** material is **NOT** an accepted plumbing material in the City of Socorro.

Note: The property owner is responsible for verifying all utility easements within their property. Failure to do so could result in permit revocation (if issued) or problems with the affected utility companies.
