JULY 2025
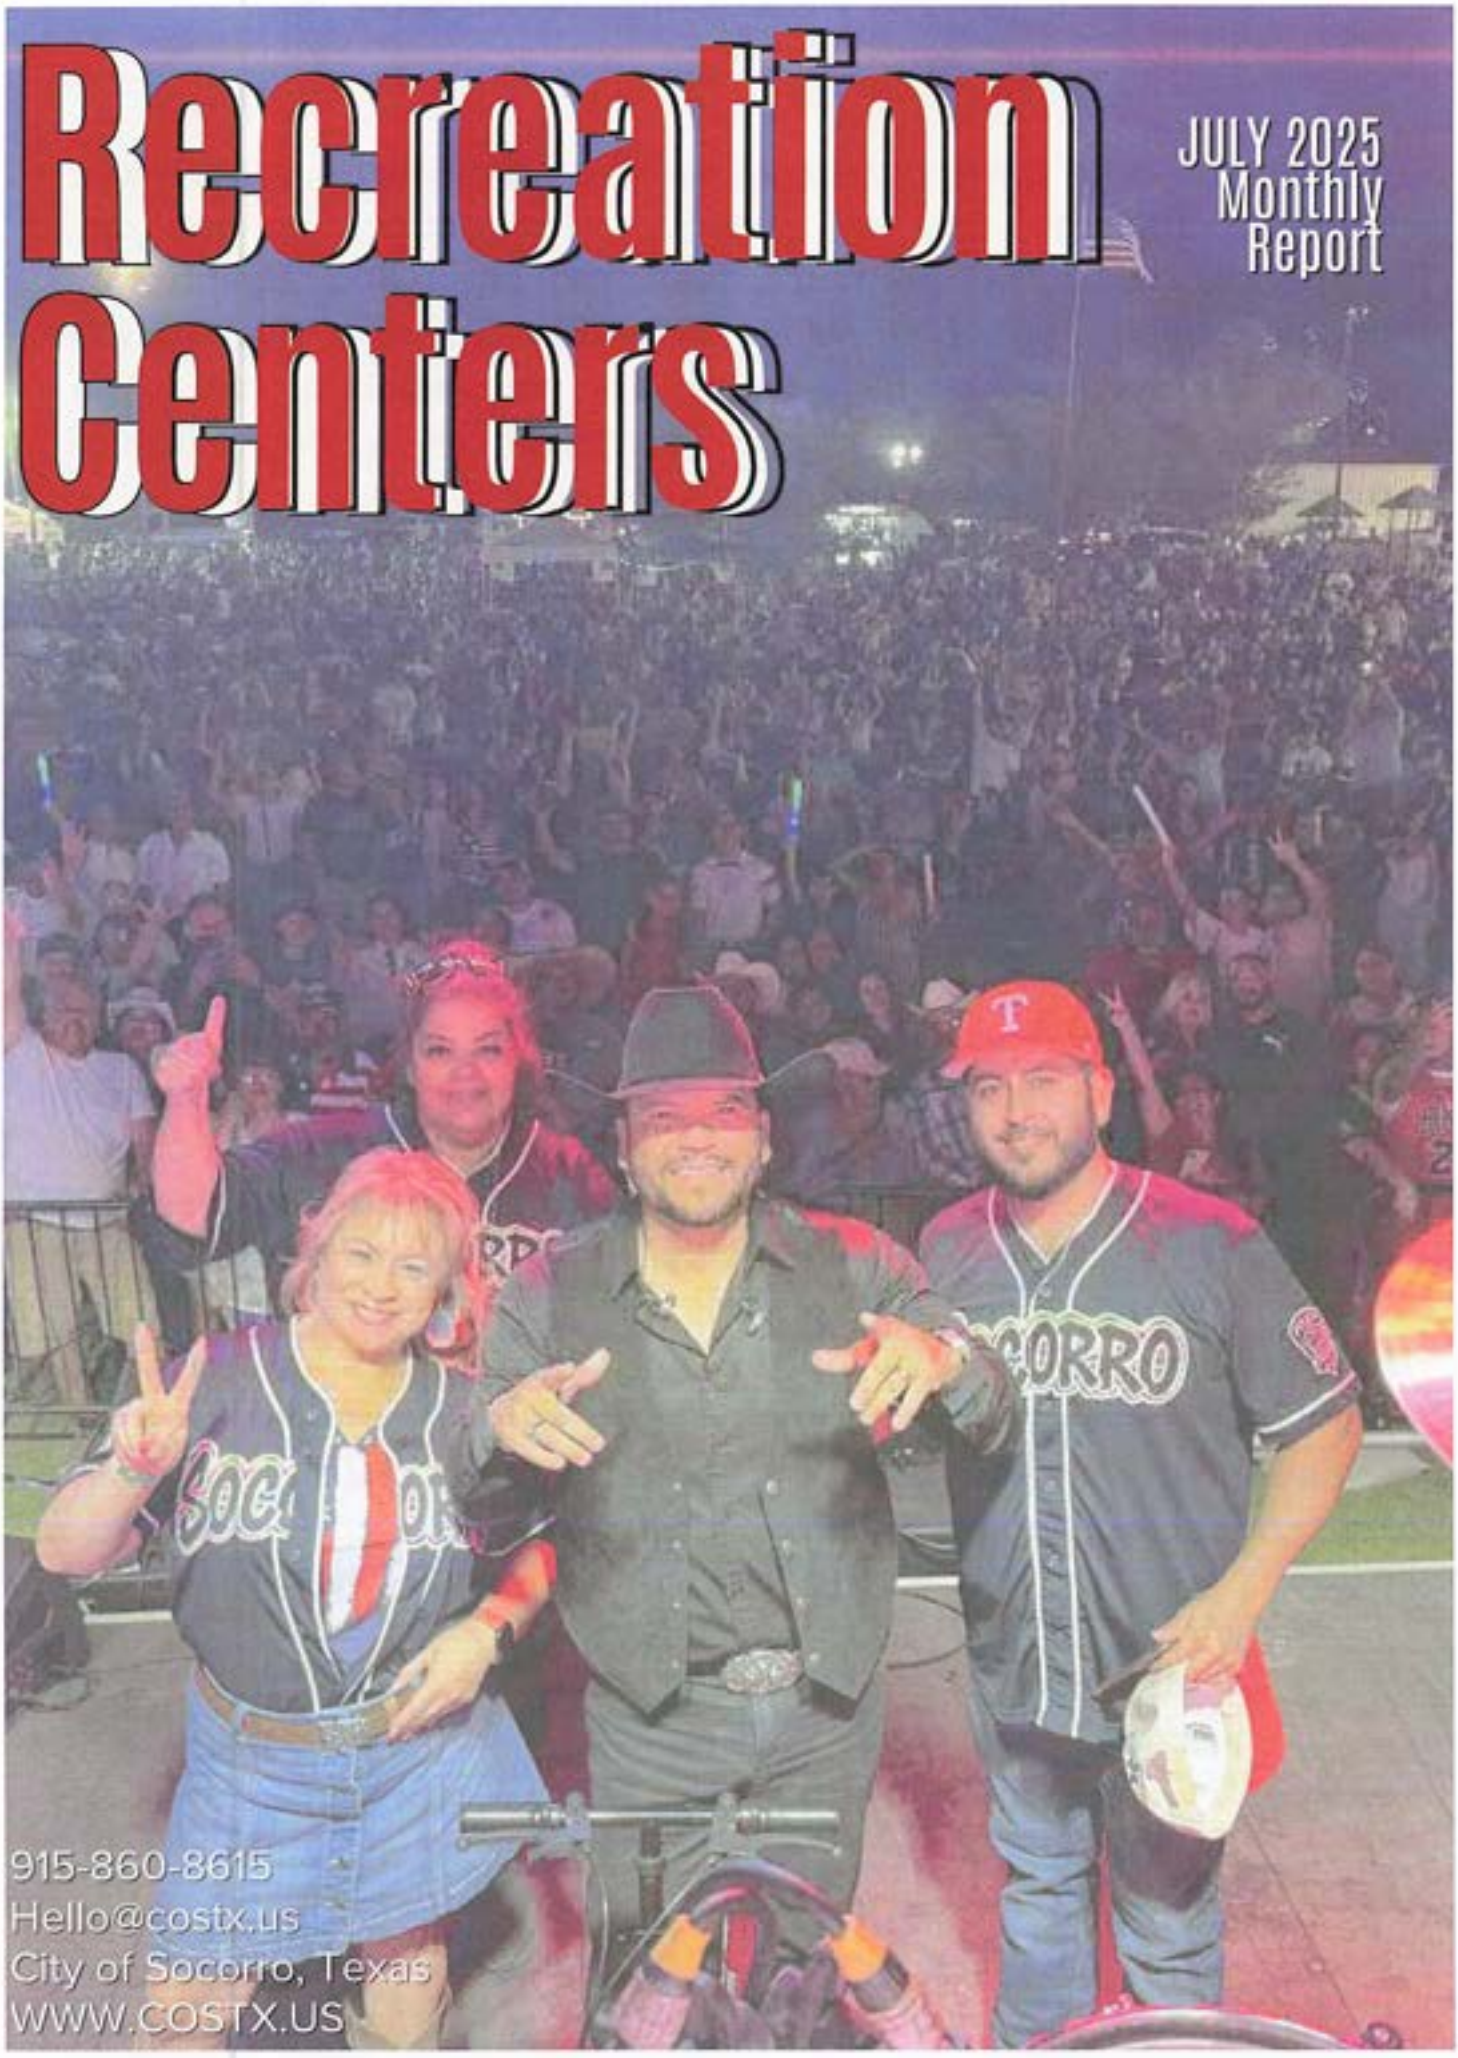
Monthly
Report



915-860-8615
Hello@costx.us
City of Socorro, Texas
WWW.COSTX.US

Dear Residents of Socorro,

July was a month of monumental achievements and unforgettable moments for the City of Socorro. We proudly hosted our Independence Day Xtravaganza, featuring Latin and Tejano star Michael Salgado, which drew an incredible crowd of over 10,000 people. The evening was filled with music, community pride, and a vibrant celebration of our nation's independence—making it one of our most successful events to date.

In addition to this celebration, we announced an exciting new partnership with Fort Bliss that is set to create more than 50 jobs right here in Socorro, with starting pay of $17 per hour. This collaboration will not only provide new employment opportunities but also strengthen our local economy and expand pathways for career growth in our community.

July also marked the launch of our micro transit program, a major step forward in increasing accessibility and mobility for our residents. In its very first month, the service is projected to provide approximately 1,000 trips—connecting people to work, school, healthcare, and other essential destinations in a more convenient and affordable way.

These milestones reflect our ongoing commitment to growth, opportunity, and quality of life in Socorro. We are grateful for your continued support as we work together to make our city stronger, more connected, and ready for the future.

Sincerely,

Victor Reta

STORMWATER MANAGEMENT

Municipal Separate Storm Sewer System (MS4)
Presents the definition of municipal separate storm water sewer system (MS4) as taken from federal rules.
"Municipal separate storm sewer system" is specifically defined in the federal rules (Title 40 Code of Federal Regulations Part 122.2), but the term is easier to understand if we break it down.
First, "separate storm sewer system" includes ditches, curbs, gutters, storm sewers, and similar means of collecting or conveying runoff that do not connect with a wastewater collection system or treatment plant.
And to be a "municipal separate storm sewer system" (MS4), the system must be owned or operated by a public agency—for example:
-a city or town
-a municipal utility district, flood control district, or other special district
-a county
-a state or federal agency

The Recreation Department is responsible for informing the public about the importance of Stormwater management.

-In the month of July, the Recreation department had a MS4 Booth where flyers and prizes were being distributed. We continue to bring awareness about MS4 and it's importance.

-The Recreation staff did have an activation due to heavy rain, and were able to provide approximately 40 people with sandbags for their homes. A total of 334 bags were given out on July 22, 2025.

July 22, 2025

FISCAL TRANSPARENCY

The Texas Historical Commission is a funding agency dedicated to historic preservation. They have given the City of Socorro a grant to help restore the Rio Vista Farm. It is known as the Rio Vista Farm Rehabilitation.

A grant is a general term for funds that a organization is given and is not expected to be repaid.

The Rio Vista 5310 Transportation Program is a grant given to the city by The Federal Transit Administration. How will this help the city? The grant allows us to buy a ADA Type 3 vehicle, and hire a Transit Coordinator to engage in mobility management activities in Socorro.

The American Rescue Plan Act or also known as ARPA is a federal law that was passed back in March of 2021 to help our country recover from COVID-19 pandemic. ARPA helped enhance financial stability as well as to fund other community needs.

What does O & M mean? Operation and maintenance provide guidelines for the use and servicing of equipment used in the workplace. This helps us manage our facilities so that they are operating efficiently.

How do these expenses go towards the tax payers?
Taxes are vital in funding essential local services such as public school, road maintenance, and emergency services. The city also offers programs, facility usage, and services such as computers, prints/copies, arcade, etc. for the community to use.

FEATURED UPDATES:

1 Rio Vista Bracero Museum

The Socorro Rio Vista Bracero Museum is an upcoming institution dedicated to preserving and honoring the history of the Bracero Program, a bilateral initiative between the United States and Mexico that operated from 1942 to 1964. This program allowed Mexican laborers, known as "braceros," to work temporarily in the U.S. agricultural sector. The museum is being established at the historic Rio Vista Farm in Socorro, Texas, which served as a primary processing center for the Bracero Program. Between 1951 and 1964, over 80,000 braceros annually passed through Rio Vista, undergoing medical examinations, contract signings, and orientation before being dispatched to various agricultural regions across the United States. Construction is set to take place in February.

5310 Transit Program

The 5310 Transit Program in Socorro, Texas, provides free transportation for seniors and individuals with disabilities, making it easier for them to access essential services like medical appointments, shopping, and community activities. The program is designed to assist people who face mobility challenges and may have difficulty using regular public transit.

Through this program, local transit agencies and non-profit organizations receive funding to offer specialized services, including door-to-door rides and wheelchair-accessible vehicles. These vehicles are equipped with ramps or lifts to accommodate mobility devices, ensuring that those who need assistance can travel safely and comfortably.

The program is completely free for eligible individuals, typically seniors, people with disabilities, and low-income residents. This means there are no charges for using the service.

GENERAL FUND
The General Fund is the primary operating fund of the City. All revenues that are not allocated by law or contractual agreement to a specific fund are accounted for in the General Fund. General Fund revenues include property taxes, sales tax, utility user taxes franchise fees, licenses and permits, current service charges, earnings on investments and other miscellaneous revenues.

The projected General Fund revenue of $22,931,752 accounts for 84.72 percent of the 2025- 2026 total of all budgets and can be allocated to any City expenditure category.

SPECIAL REVENUE FUND
The Special Revenue Fund is used to account for the proceeds from specific revenue sources that are legally restricted to expenditures for specific purposes. The Special Revenue Fund includes Federal, State, and local grant resources secured by the City to fund restricted activities. The $1,794,816 in the Special Revenue Fund represents 6.63 percent of the 2025- 2026 total of all budgets.

CAPITAL PROJECTS FUND
The Capital Projects Fund accounts for and reports financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities, other capital assets and repayment of loans from the General Fund for approved items by city council. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments. No funds will be committed or assigned to expenditure for capital outlays for the 2025-2026 fiscal year.

DEBT SERVICE FUND
The Debt Service Fund is used to account for the accumulation of tax revenues for the payment of long-term debt. Debt Service Funds are generally used when funds are paid to satisfy debt obligations. The Debt Service Fund is projected at $2,340,442 and reflects 8.65 percent of the 2025-2026 total of all budgets.

GENERAL FUND RESERVE
The General Fund started the 2024-2025 Fiscal Year with $9,478,443 in reserves. That level of reserves represents 55.97 percent of the projected expenditures in the 2024-2025 General Fund Budget.

The 2024-2025 Budget was projected to use $2,058,780 of the General Fund Reserve.

There will be an estimated amount of $7,419,663 in the General Fund Reserve at the end of the 2024-2025 Fiscal Year.

The General Fund Reserve requires a 16.67 percent reserve balance of the total yearly budgeted expenditures or $22,931,752. The projected required reserve is $3,822,723.

THE BUDGET INCLUDES:

The City Manager's Department will have step increases of up to 3% available for eligible employees, based on performance evaluations. These increases are merit-based and contingent upon meeting specific criteria established by the City. It's important to note that some positions have already reached their salary cap based on the most recent salary analysis and, therefore, are not eligible for further increases at this time. Additionally, as part of our continued commitment to infrastructure improvements, the department has also budgeted $650,000 for Phase V of the City's sidewalk improvement project.

The Parks and Public Works Department has requested to reclassify the current Parks and Public Works Director position to that of a City Engineer, to better align with the growing needs and complexity of the city's infrastructure. This reclassification reflects an estimated budget increase of approximately $25,000. Under the general direction of the City Manager, the City Engineer will be responsible for planning, directing, designing, constructing, inspecting, and maintaining the engineering operations of all City infrastructure and facilities. This includes streets, drainage systems, parks, and municipal buildings.

The Police Department personnel will continue to receive their 2.5% annual step-increase over the next five years. This structured increase supports our commitment to maintaining a competitive edge in recruitment and retention, ensuring we continue to attract and retain high-quality officers dedicated to public safety.
Additionally, we are requesting to add a full-time Crime Analyst position to the department. This position, including fringe benefits, is estimated at $83,000 annually. A

full-time analyst will enhance our ability to proactively identify trends, allocate resources strategically, and support data-driven policing efforts. This role plays a key part in directing focus where it is most needed—improving public safety outcomes and operational efficiency.

The Municipal Court has no staffing or operational changes proposed for the Municipal Court in this budget cycle. However, $45,000 have been allocated for necessary courthouse improvements, specifically targeting flooring upgrades and restroom renovations. These improvements are aimed at enhancing the functionality, safety, and overall user experience of the facility for both the public and court staff.

The Planning and Zoning Department is allocating $50,000 for the digitization of records and the purchase of software to support the effective administration and long-term management of department files. Additionally, Code Enforcement personnel will now be organizationally aligned under the Planning and Zoning Department, as their responsibilities are more closely connected to enforcing zoning regulations and city codes. While the staff will report under Planning and Zoning, Code Enforcement will be physically housed at the Poona Station, operating under the direction of Ms. Quimiro. This arrangement allows for continued community presence while enhancing coordination with zoning functions.

The Grants Department is requesting the addition of a Grants & Special Projects Coordinator to address growing administrative and coordination demands across multiple high-impact initiatives. The estimated financial impact, including fringe benefits, is $65,000. This position is designed to alleviate critical gaps and pressure points currently impacting multiple departments and grant-related functions. This position will ensure that the City continues to capitalize on funding opportunities while also maintaining compliance and timely execution of grant obligations.

The City Clerk primary budget adjustment this fiscal year is the allocation of $105,000 to support the administration of the upcoming November 2025 elections for Districts 1, 2, and 3. This funding will cover all associated election costs, including coordination with the County Elections Office, ballot preparation, polling site operations, and public notification requirements. Ensuring a transparent, secure, and well-organized election process remains a top priority for the City Clerk’s Office

The Finance Department, in response to the growing complexity and volume of grant management—particularly those associated with the Police Department—is requesting to outsource payroll services in the upcoming fiscal year. The estimated financial impact is $45,000. This recommendation is driven by the increasing administrative burden placed on the Finance team, especially as it relates to managing multiple complex grants that involve time tracking, compliance, and reporting requirements. Outsourcing payroll will alleviate time-intensive tasks, reduce the potential for errors, and allow the Finance Department to focus more strategically on financial planning, grant oversight, and process improvements. It will also enhance internal controls and provide greater

consistency in payroll processing, especially as the City continues to expand its grant portfolio.

The Health Department is allocating $50,000 for the City's health services contract, reflecting an increase in usage and demand for these services. This adjustment ensures continued access to essential health-related resources and supports the well-being of our community through contracted providers.

The Transit Department is being launched with an estimated cost of $230,000. Its primary mission is to provide accessible, reliable transportation services to our residents—helping individuals travel throughout Socorro and, importantly, connecting them to the larger regional transportation network through Sun Metro. This integration expands mobility options for our community and improves access to employment, education, healthcare, and other essential services. This initiative could position the City of Socorro as a direct recipient of federal transit funding through the Federal Highway Administration (FHWA). Based on our growing population, we are eligible for direct funding opportunities that can significantly offset operational costs and support long-term transit development. By pursuing direct recipient status, we aim to unlock critical resources that will help sustain and expand the system well into the future.

The city is currently in the process of finalizing an Intergovernmental Support Agreement (IGSA) to provide custodial services for Fort Bliss. This collaboration marks a unique opportunity for our city to partner directly with the federal government, delivering high-quality services while creating significant value for our local community. The agreement will impact the City’s budget by approximately $4.7 million. The heart of this agreement lies in its broader purpose: to provide meaningful job opportunities for our residents and drive economic growth throughout our community. Beyond the economic benefits, this agreement demonstrates our City's capacity to deliver professional services at a federal level, opening the door for future partnerships and strengthening our reputation as a capable, collaborative municipality.

The grand total of increases included in the 2025-2026 budget is $5,994,968.

RECOMMENDATION
The City Manager hereby submits the Fiscal Year 2025-2026 Annual Budget to the City Council for adoption subject to revisions, if any, by City Council, reflected in the meeting’s minutes.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

A tax rate of $0.645233 per $100 valuation has been proposed by the governing body of CITY OF SOCORRO.

PROPOSED TAX RATE	$0.645233 per $100
NO-NEW-REVENUE TAX RATE	$0.634377 per $100
VOTER-APPROVAL TAX RATE	$0.645233 per $100

The no-new-revenue tax rate is the tax rate for the 2025 tax year that will raise the same amount of property tax revenue for CITY OF SOCORRO from the same properties in both the 2024 tax year and the 2025 tax year.

The voter-approval rate is the highest tax rate that CITY OF SOCORRO may adopt without holding an election to seek voter approval of the rate.

The proposed tax rate is greater than the no-new-revenue tax rate. This means that CITY OF SOCORRO is proposing to increase property taxes for the 2025 tax year.

A PUBLIC HEARING ON THE PROPOSED TAX RATE WILL BE HELD ON September 11, 2025 AT 6:00 PM AT Council Chambers, 860 N. Rio Vista, Socorro, Texas 79927.

The proposed tax rate is not greater than the voter-approval tax rate. As a result, CITY OF SOCORRO is not required to hold an election at which voters may accept or reject the proposed tax rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the City Council of CITY OF SOCORRO at their offices or by attending the public hearing mentioned above.

YOUR TAXES OWED UNDER ANY OF THE RATES MENTIONED ABOVE CAN BE CALCULATED AS FOLLOWS:

Property tax amount= (tax rate) x (taxable value of your property)/100

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.

The following table compares the taxes imposed on the average residence homestead by CITY OF SOCORRO last year to the taxes proposed to be imposed on the average residence homestead by CITY OF SOCORRO this year.

	2024	2025	Change
Total tax rate (per $100 of value)	$0.666900	$0.645233	decrease of -0.021667 per $100, or -3.25%
Average homestead taxable value	$162,296	$171,800	increase of 5.86%
Tax on average homestead	$1,082.35	$1,108.51	increase of 26.16, or 2.42%
Total tax levy on all properties	$12,554,992	$13,649,988	increase of 1,094,996, or 8.72%

REVENUE
The City of Socorro utilizes the fund accounting method of financial reporting. The budget has four major funds: General Fund, Special Revenue, Capital Projects, and Debt Service. These funds were established to segregate specific revenue sources and activities in accordance with special regulations, restrictions, or limitations.

The following chart compares the estimated revenue for FY 2025-2026 by fund type for the three previous fiscal years. For FY 2025-2026, the General Fund will increase by $5,994,968. The Special Revenue Fund will increase by $10,154; the Capital Projects Fund had no change; the Debt Service Fund will decrease by $5,615.

REVENUE COMPARISON BY FUND
2022-2023 THROUGH 2025-2026

	REVENUE FY 2022-2023	REVENUE FY 2023-2024	REVENUE FY 2024-2025	REVENUE FY 2025-2026

TOTAL	$27,439,328	$30,028,611	$21,067,503	$27,067,010

GENERAL FUND
The General Fund is the primary operating fund of the City. All revenues that are not allocated by law or contractual agreement to a specific fund are accounted for in the General Fund. General Fund revenues include property taxes, sales tax, utility user taxes franchise fees, licenses and permits, current service charges, earnings on investments and other miscellaneous revenues.

The projected General Fund revenue of $22,931,752 accounts for 84.72 percent of the 2025- 2026 total of all budgets and can be allocated to any City expenditure category.

SPECIAL REVENUE FUND
The Special Revenue Fund is used to account for the proceeds from specific revenue sources that are legally restricted to expenditures for specific purposes. The Special Revenue Fund includes Federal, State, and local grant resources secured by the City to fund restricted activities. The $1,794,816 in the Special Revenue Fund represents 6.63 percent of the 2025- 2026 total of all budgets.

CAPITAL PROJECTS FUND
The Capital Projects Fund accounts for and reports financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities, other capital assets and repayment of loans from the General Fund for approved items by city council. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments. No funds will be committed or assigned to expenditure for capital outlays for the 2025-2026 fiscal year.

DEBT SERVICE FUND
The Debt Service Fund is used to account for the accumulation of tax revenues for the payment of long-term debt. Debt Service Funds are generally used when funds are paid to satisfy debt obligations. The Debt Service Fund is projected at $2,340,442 and reflects 8.65 percent of the 2025-2026 total of all budgets.

GENERAL FUND RESERVE
The General Fund started the 2024-2025 Fiscal Year with $9,478,443 in reserves. That level of reserves represents 55.97 percent of the projected expenditures in the 2024-2025 General Fund Budget.

The 2024-2025 Budget was projected to use $2,058,780 of the General Fund Reserve.

There will be an estimated amount of $7,419,663 in the General Fund Reserve at the end of the 2024-2025 Fiscal Year.

The General Fund Reserve requires a 16.67 percent reserve balance of the total yearly budgeted expenditures or $22,931,752. The projected required reserve is $3,822,723.

THE BUDGET INCLUDES:

The City Manager's Department will have step increases of up to 3% available for eligible employees, based on performance evaluations. These increases are merit-based and contingent upon meeting specific criteria established by the City. It's important to note that some positions have already reached their salary cap based on the most recent salary analysis and, therefore, are not eligible for further increases at this time. Additionally, as part of our continued commitment to infrastructure improvements, the department has also budgeted $650,000 for Phase V of the City's sidewalk improvement project.

The Parks and Public Works Department has requested to reclassify the current Parks and Public Works Director position to that of a City Engineer, to better align with the growing needs and complexity of the city's infrastructure. This reclassification reflects an estimated budget increase of approximately $25,000. Under the general direction of the City Manager, the City Engineer will be responsible for planning, directing, designing, constructing, inspecting, and maintaining the engineering operations of all City infrastructure and facilities. This includes streets, drainage systems, parks, and municipal buildings.

The Police Department personnel will continue to receive their 2.5% annual step-increase over the next five years. This structured increase supports our commitment to maintaining a competitive edge in recruitment and retention, ensuring we continue to attract and retain high-quality officers dedicated to public safety.
Additionally, we are requesting to add a full-time Crime Analyst position to the department. This position, including fringe benefits, is estimated at $83,000 annually. A

full-time analyst will enhance our ability to proactively identify trends, allocate resources strategically, and support data-driven policing efforts. This role plays a key part in directing focus where it is most needed—improving public safety outcomes and operational efficiency.

The Municipal Court has no staffing or operational changes proposed for the Municipal Court in this budget cycle. However, $45,000 have been allocated for necessary courthouse improvements, specifically targeting flooring upgrades and restroom renovations. These improvements are aimed at enhancing the functionality, safety, and overall user experience of the facility for both the public and court staff.

The Planning and Zoning Department is allocating $50,000 for the digitization of records and the purchase of software to support the effective administration and long-term management of department files. Additionally, Code Enforcement personnel will now be organizationally aligned under the Planning and Zoning Department, as their responsibilities are more closely connected to enforcing zoning regulations and city codes. While the staff will report under Planning and Zoning, Code Enforcement will be physically housed at the Poona Station, operating under the direction of Ms. Quimiro. This arrangement allows for continued community presence while enhancing coordination with zoning functions.

The Grants Department is requesting the addition of a Grants & Special Projects Coordinator to address growing administrative and coordination demands across multiple high-impact initiatives. The estimated financial impact, including fringe benefits, is $65,000. This position is designed to alleviate critical gaps and pressure points currently impacting multiple departments and grant-related functions. This position will ensure that the City continues to capitalize on funding opportunities while also maintaining compliance and timely execution of grant obligations.

The City Clerk primary budget adjustment this fiscal year is the allocation of $105,000 to support the administration of the upcoming November 2025 elections for Districts 1, 2, and 3. This funding will cover all associated election costs, including coordination with the County Elections Office, ballot preparation, polling site operations, and public notification requirements. Ensuring a transparent, secure, and well-organized election process remains a top priority for the City Clerk’s Office

The Finance Department, in response to the growing complexity and volume of grant management—particularly those associated with the Police Department—is requesting to outsource payroll services in the upcoming fiscal year. The estimated financial impact is $45,000. This recommendation is driven by the increasing administrative burden placed on the Finance team, especially as it relates to managing multiple complex grants that involve time tracking, compliance, and reporting requirements. Outsourcing payroll will alleviate time-intensive tasks, reduce the potential for errors, and allow the Finance Department to focus more strategically on financial planning, grant oversight, and process improvements. It will also enhance internal controls and provide greater

consistency in payroll processing, especially as the City continues to expand its grant portfolio.

The Health Department is allocating $50,000 for the City's health services contract, reflecting an increase in usage and demand for these services. This adjustment ensures continued access to essential health-related resources and supports the well-being of our community through contracted providers.

The Transit Department is being launched with an estimated cost of $230,000. Its primary mission is to provide accessible, reliable transportation services to our residents—helping individuals travel throughout Socorro and, importantly, connecting them to the larger regional transportation network through Sun Metro. This integration expands mobility options for our community and improves access to employment, education, healthcare, and other essential services. This initiative could position the City of Socorro as a direct recipient of federal transit funding through the Federal Highway Administration (FHWA). Based on our growing population, we are eligible for direct funding opportunities that can significantly offset operational costs and support long-term transit development. By pursuing direct recipient status, we aim to unlock critical resources that will help sustain and expand the system well into the future.

The city is currently in the process of finalizing an Intergovernmental Support Agreement (IGSA) to provide custodial services for Fort Bliss. This collaboration marks a unique opportunity for our city to partner directly with the federal government, delivering high-quality services while creating significant value for our local community. The agreement will impact the City’s budget by approximately $4.7 million. The heart of this agreement lies in its broader purpose: to provide meaningful job opportunities for our residents and drive economic growth throughout our community. Beyond the economic benefits, this agreement demonstrates our City's capacity to deliver professional services at a federal level, opening the door for future partnerships and strengthening our reputation as a capable, collaborative municipality.

The grand total of increases included in the 2025-2026 budget is $5,994,968.

RECOMMENDATION
The City Manager hereby submits the Fiscal Year 2025-2026 Annual Budget to the City Council for adoption subject to revisions, if any, by City Council, reflected in the meeting’s minutes.

SUBJECT: Discussion and Action to Direct Staff Regarding Removal of Nuisances on Rights-of-Way Along Major Arterials (Beginning with Alameda Avenue, in Coordination with TxDOT)

SUMMARY

That the City Council direct staff to:

1. Provide written notice to all property owners adjacent to Alameda Avenue informing them that they have fifteen (15) days from receipt of notice to remove any items, debris, or nuisances located within the TxDOT right-of-way.
2. Coordinate with the Texas Department of Transportation (TxDOT) to ensure compliance with state requirements and confirm the City's authority and process for removal and disposal.
3. Following the expiration of the 15-day notice period, and in accordance with TxDOT guidelines, authorize City staff (or TxDOT staff, if required) to remove and dispose of any remaining items or nuisances within the right-of-way.
4. Assess and report back to Council the estimated costs associated with carrying out this cleanup and disposal program along Alameda Avenue.
5. Develop a plan to expand this program to other major arterials in Alameda in subsequent phases, based on lessons learned and cost assessments.

STATEMENT OF THE ISSUE

I am requesting a phased initiative to address nuisances and obstructions within major arterial rights-of-way in Alameda, beginning with Alameda Avenue**.** This effort aims to improve the appearance, safety, and overall beautification of the community by ensuring that rights-of-way remain clear of unauthorized materials. The initial pilot along Alameda Avenue will provide data on costs and logistics before expanding to other arterials.

FINANCIAL IMPACT

Staff will prepare an estimate of anticipated costs for labor, equipment, disposal, and TxDOT coordination along Alameda Avenue, and report back with findings to help guide expansion of the program citywide.

SUBJECT: Discussion and Action to Direct Staff to Develop and Launch "If You See It, Report It" Community Reporting Campaign.

SUMMARY

That the City Council direct staff to:

1. Design and launch a public outreach campaign called "If You See It, Report It", aimed at encouraging residents to report service and maintenance issues across the City.
2. Begin the campaign with clear, step-by-step reporting guidance for:
    - Streetlight outages (reported directly to El Paso Electric by identifying the pole number and using their online reporting system).
    - Potholes (reported through the City's City Source app or portal).
3. Develop additional reporting modules for other common issues (e.g., graffiti, illegal dumping, overgrown vegetation, traffic signal malfunctions) as the campaign expands.
4. Prepare bilingual outreach materials (English/Spanish) and a communication toolkit including flyers, website content, social media posts, and QR codes linking to reporting platforms.

STATEMENT OF THE ISSUE

I am proposing a proactive public awareness effort to empower residents to report issues they encounter in their neighborhoods. The goal is to connect residents quickly to the right reporting pathway, reduce delays in service response, and create a cleaner, safer, and more responsive community.

The campaign will start with streetlights and potholes as high-visibility examples:

- Streetlights**:** Residents will be shown how to identify pole numbers and submit outages directly to El Paso Electric for repair.
- Potholes**:** Residents will be instructed to use the City Source app to submit locations, photos, and descriptions for timely response.

As the campaign matures, additional service categories will be added to ensure comprehensive coverage.
