- An inspection of Shift B was conducted with no overt deficiencies.
- Officers from Shift B were given a block of instructions on the importance of completing reports in a timely manner as all patrol operations have been deficient in the area

Shift C – Acting Sgt. Fuentes

- No body worn camera recordings were reviewed due to log in issues.
- Unit and Officer inspection conducted on 08-29-2025.
- All KMS Training bulletins were completed by the shift.
- 08/06/2025- Spoke to shift reference playing pranks and the consequences they can bring when it comes to disciplinary actions. Advised not worth getting in trouble for a 10 second laugh.
- 08/07/2025- Spoke to the shift to always take their time when dealing with a complex call. No need to rush to get through it because this will cause us to miss important details and most importantly evidence and clues to solve the case.
- 08/16/2025- Spoke with shift about the importance of making sure everything is correct on the arrest paperwork. Something as simple as messing up a number on the Offense Code can destroy the case due to having to meet with a different judge who might not see in the same as the original signing judge.

Shift D – Sgt. L. Aguirre

- One complaint was filed towards Officer Cerda. The complainant reported that while at a Circle K, he noticed a police officer looking in his direction. He stated that upon leaving the store, the officer followed him, initiated a traffic stop, and advised him that his vehicle registration was expired. Complainant claims he explained that his registration was current, provided his driver's license, and informed the officer that he had insurance. He alleges that he and his passenger were then removed from the vehicle, harassed over suspected drugs, and that a canine "destroyed" the interior of his vehicle. He listed a witness and identified Officer Cerda as the officer who conducted the stop. Upon reviewing the body-worn camera (BWC) footage assigned to Ofc. Cerda and several assisting officers. The footage depicts the entire traffic stop. Ofc. Cerda is seen advising the driver of the stop reason, which included an expired registration sticker and inoperative rear brake lamps. Although driver stated his registration was current, Ofc. Cerda explained that the sticker displayed on the vehicle was expired. Throughout the interaction, he remained cordial and professional. His requests to the driver and his passengers were lawful and non-coercive. He requested assistance from the Sheriff's Office narcotics canine unit. The BWC shows the canine conducting an external sniff, followed by a brief, less than two minutes-search inside the vehicle under the handler's supervision. The handler advised officer Cerda of a positive alert, authorizing a more intrusive search. The BWC footage also shows the interior of the vehicle during the search. There is no evidence that the canine caused damage to the vehicle. The condition of the interior appeared consistent with an older vehicle exhibiting normal wear and tear. The stop concluded with a written warning, and Officer Cerda attempted to de-escalate the situation, shaking the driver's hand before departing.
- I reviewed Officer A Garcia BWC I observed that on August 7th,2025 at 0710 pm Officer meets with a male subject who states he walked home from

Del Sol Medical Center. The office is understanding and respectful towards the male.

- I reviewed Officer D. Garcia- Garcia BWC which shows him responding to a hit and run on August 31st, 2025. Officer goes above and beyond and requests the video from Dominoe's and even requests the receipts that might match any involved parties with the time frame
- I reviewed Officer E. Sifuentes BWC on August 2nd, 2025, at 0526 am hours. He responds to a call, and when he arrives, he sees a male subject on the floor with no shirt. Soon after an additional male shows up and tries to just take the male subject. Officer is stern and explains to the additional male that they are there for a call for service and need information from both at that point. Male is released to responsible party.
- I reviewed the BWC for Officer Martinez on August 1st, 2025, and observed that he was sent to a subject disturbance and he was professional asked all the right questions and determined that the male subject was not doing anything wrong. He was advised accordingly.
- I reviewed the BWC for Officer R Diaz on August 20th, 2025, at 0426 PM he responded to a possible injury to a child. Officer Diaz does a great job in asking questions to the additional child that was there at the scene of the incident. Officer Diaz remained professional and courteous while still investigating properly.
- I reviewed the BWC for Officer R Flores and on August 11th, 2025, he is riding with full crew, while they conduct a traffic stop, he slams the door to the unit. He shows patience and even suggests to his FTO that they should not be giving verbal warning. Additionally, I observed him responding to a call on August 31st, 2025, at 0527 PM, where he had to draw his gun. Officer stays calm and collect and does not muzzle the cars or innocent bystanders.
- Officer R. Flores was advised to NOT slam the door to the unit and was praised for being able to issue a written warning and not a verbal warning. Officer Flores was advised that he did a good job by not pointing his gun at passers byers.
- Officer E. Sifuentes received a verbal counseling on 08/15/25 for not completing his reports on time.
- Officer Flores and R Diaz were issued PIR'S for not completing their DTB'S for the month.

AUGUST 2025
Monthly
Report

Hello@costx.us
City of Socorro, Texas
WWW.COSTX.US

Dear Residents of Socorro,

July was a month of monumental achievements and unforgettable moments for the City of Socorro. We proudly hosted our Independence Day Xtravaganza, featuring Latin and Tejano star Michael Salgado, which drew an incredible crowd of over 10,000 people. The evening was filled with music, community pride, and a vibrant celebration of our nation's independence—making it one of our most successful events to date.

In addition to this celebration, we announced an exciting new partnership with Fort Bliss that is set to create more than 50 jobs right here in Socorro, with starting pay of $17 per hour. This collaboration will not only provide new employment opportunities but also strengthen our local economy and expand pathways for career growth in our community.

July also marked the launch of our micro transit program, a major step forward in increasing accessibility and mobility for our residents. In its very first month, the service is projected to provide approximately 1,000 trips—connecting people to work, school, healthcare, and other essential destinations in a more convenient and affordable way.

These milestones reflect our ongoing commitment to growth, opportunity, and quality of life in Socorro. We are grateful for your continued support as we work together to make our city stronger, more connected, and ready for the future.

Sincerely,

Victor Reta

STORMWATER MANAGEMENT

Municipal Separate Storm Sewer System (MS4)
Presents the definition of municipal separate storm water sewer system (MS4) as taken from federal rules.
"Municipal separate storm sewer system" is specifically defined in the federal rules (Title 40 Code of Federal Regulations Part 122.2), but the term is easier to understand if we break it down.
First, "separate storm sewer system" includes ditches, curbs, gutters, storm sewers, and similar means of collecting or conveying runoff that do not connect with a wastewater collection system or treatment plant.
And to be a "municipal separate storm sewer system" (MS4), the system must be owned or operated by a public agency—for example:
-a city or town
-a municipal utility district, flood control district, or other special district
-a county
-a state or federal agency

The Recreation Department is responsible for informing the public about the importance of Stormwater management.

-In the month of August, the Recreation department had a MS4 Training with the Rio Vista Senior Program. A presentation was given as well as flyers for them to take home. We continue to bring awareness about MS4 and it's importance to our community.

- A total of 21 bags were given out throughout the month of August.

FISCAL TRANSPARENCY

The Texas Historical Commission is a funding agency dedicated to historic preservation. They have given the City of Socorro a grant to help restore the Rio Vista Farm. It is known as the Rio Vista Farm Rehabilitation.

A grant is a general term for funds that a organization is given and is not expected to be repaid.

The Rio Vista 5310 Transportation Program is a grant given to the city by The Federal Transit Administration. How will this help the city? The grant allows us to buy a ADA Type 3 vehicle, and hire a Transit Coordinator to engage in mobility management activities in Socorro.

The American Rescue Plan Act or also known as ARPA is a federal law that was passed back in March of 2021 to help our country recover from COVID-19 pandemic. ARPA helped enhance financial stability as well as to fund other community needs.

What does O & M mean? Operation and maintenance provide guidelines for the use and servicing of equipment used in the workplace. This helps us manage our facilities so that they are operating efficiently.

How do these expenses go towards the tax payers?
Taxes are vital in funding essential local services such as public school, road maintenance, and emergency services. The city also offers programs, facility usage, and services such as computers, prints/copies, arcade, etc. for the community to use.

STRATEGIC INITATIVES

1 *Rio Vista Bracero Museum*

The Socorro Rio Vista Bracero Museum is an upcoming institution dedicated to preserving and honoring the history of the Bracero Program, a bilateral initiative between the United States and Mexico that operated from 1942 to 1964. This program allowed Mexican laborers, known as "braceros," to work temporarily in the U.S. agricultural sector. The museum is being established at the historic Rio Vista Farm in Socorro, Texas, which served as a primary processing center for the Bracero Program. Between 1951 and 1964, over 80,000 braceros annually passed through Rio Vista, undergoing medical examinations, contract signings, and orientation before being dispatched to various agricultural regions across the United States. Construction is set to take place in February.

2 *Socorro Avanzado!*

The City of Socorro, Texas, has initiated the 'Socorro ¡Avanzando!' Transit Development Plan to enhance local transit services. The event marked a significant step forward in formalizing a partnership that has been built on years of mutual support and shared goals.This new long-term agreement creates a structured framework for the City of Socorro to provide custodial and facilities-related services to Fort Bliss, reinforcing the city's role as a valued regional partner in supporting military infrastructure and day-to-day operations. Through this partnership, Fort Bliss benefits from reliable, local service delivery, while the City of Socorro gains economic opportunities, workforce development pathways, and a chance to expand municipal service reach beyond city limits.To fulfill the operational needs of this contract, the City of Socorro has launched a targeted hiring effort, advertising positions such as On-Site Project Director, Custodian Supervisor, and multiple Custodian roles. City Microtransit & 5310 Program

The City of Socorro offers a robust and growing transit program to meet the needs of our community. Our specialized Senior Citizen & Mobility-Impaired Transit Program—funded through the Federal Transit Administration's 5310 Program—provides free, accessible transportation for seniors and individuals with disabilities. This service ensures that residents with mobility challenges can easily reach medical appointments, shopping destinations, and community activities using ADA-modified vehicles equipped with ramps and lifts.

For the first time in our history, beginning July 1, 2025, the City is launching its Microtransit Program, a free and flexible service designed to improve mobility for all Socorro residents. Housed under the Recreation Department, the Microtransit Program utilizes the City's own ADA-modified fleet, including both traditional and electric vehicles, to keep rides free for everyone.

The program is staffed with a grant-funded Transit Coordinator and two dedicated drivers. Operating Monday through Friday from 6:00 AM to 6:00 PM, Microtransit can take passengers anywhere within the City of Socorro. The only current outside-city stop is the Mission Valley Transit Center.

How to Ride:
Any resident can schedule a trip by calling the Rio Vista Community Center at (915) 860-8615.
With the combination of our long-standing 5310 Program and our new Microtransit service, the City of Socorro is making local transportation more accessible, reliable, and equitable than ever before.

SUBJECT:

Discussion and action to enter into an MOU with Borderplex Community Capital (BCC), a non-profit corporation and Community Development Financial Institution (CDFI), to support Socorro's small business and entrepreneur community.

SUMMARY

The City of Socorro will enter into a MOU with Borderplex Community Capital (BCC), a non-profit corporation and Community Development Financial Institution (CDFI).

STATEMENT OF THE ISSUE

The City of Socorro Economic Recovery Strategic Plan (ERSP) adopted by City Council action in 2024, found that the Socorro community had limited access to capital and limited financial opportunities for small businesses and entrepreneurs to start or expand a business.

Strategy 11, as identified in the ERSP, highlighted the need to increase access to capital for local businesses and entrepreneurs who may not qualify for traditional banking capital. Through partnerships with community development financial institutions (CDFIs) like Borderplex Community Capital, the ERO is able to increase access to lending options for Socorro small businesses and entrepreneurs.

This MOU establishes a partnership with a CDFI, for the purposes of promoting economic development and small business support.

There is no financial impact as a result of this MOU.

TO: Mayor & City Council Representatives

FROM: Chief Robert Rojas

SUBJECT: Discussion and action to approve and enter into an Interlocal Cooperation Contract with Texas State University – Texas School Safety Center for enforcement activities related to tobacco and e-cigarette compliance and authorize police chief to execute contract.

SUMMARY:

The Socorro Police Department seeks authorization from City Council to enter into an Interlocal Cooperation Contract with Texas State University – Texas School Safety Center for enforcement activities related to tobacco and e-cigarette compliance. The contract provides reimbursement for controlled buy/stings using youth decoys to ensure compliance with state law prohibiting the sale of tobacco and e-cigarette products to individuals under 21.

BACKGROUND:

The Texas Health and Safety Code §161.082 prohibits the sale of cigarettes, e-cigarettes, and tobacco products to persons under 21. The Texas School Safety Center, in partnership with the Department of State Health Services, contracts with local law enforcement agencies to conduct enforcement operations. The Socorro Police Department has been identified as a Performing Party and is eligible to participate in the FY26 Tobacco Enforcement Program. The contract reimburses the City at a fixed rate for each completed compliance check.

STATEMENT OF THE ISSUE:

City Council approval is required for the City of Socorro to execute the Interlocal Cooperation Contract. Execution of the contract will allow the Police Department to participate in statewide compliance efforts, contribute to youth health and safety, and receive reimbursement for services rendered.

FINANCIAL IMPACT:

The contract provides reimbursement of $125.00 per completed controlled buy/sting and follow-up, for up to 25 operations during the contract period, with a maximum reimbursement of $3,125.00. Payments are made upon submission and approval of required documentation. There is no cost to the City of Socorro; all expenses are reimbursed.

ALTERNATIVE:
If the City does not enter into the contract, the Socorro Police Department will forgo participation in the program and the associated reimbursement. This would limit local enforcement efforts in reducing underage tobacco and e-cigarette sales.

STAFF RECOMMENDATION:
Staff recommends that City Council approve the Interlocal Cooperation Contract with Texas State University – Texas School Safety Center and authorize the Chief of Police, or designee, to execute the contract on behalf of the City of Socorro.
