SUPPORT LETTER

Octubre 17 del 2025

Sr. Rudy Cruz Jr.
Mayor
y Srta. Judith Rodríguez
Secretaria de la Comisión
de Planeación y Zonificación.

Atendiendo a su carta de fecha, Septiembre 22 del 2025 donde se pide nuestra opinión como vecinos de los dúplex en cuestión, localizados en 10752 Mellward Rd. en Socorro, Tx., queremos muy humildemente comunicarles que estamos de acuerdo con la construcción de dichos dúplex pues pensamos que los arreglaron muy bien y dan buen aspecto a nuestra pequeña Colonia; en cambio hay varios trailerhouse mal arreglados y también terrenos baldíos que afean nuestra querido barrio donde crecieron mis cinco hijos y en el que habito ya por cincuenta y un años.

Agradezco a ustedes que pidan nuestra opinión y pido disculpen esta carta escrita a mano pero soy una persona vieja que no sabe de la tecnología moderna como las computadoras.

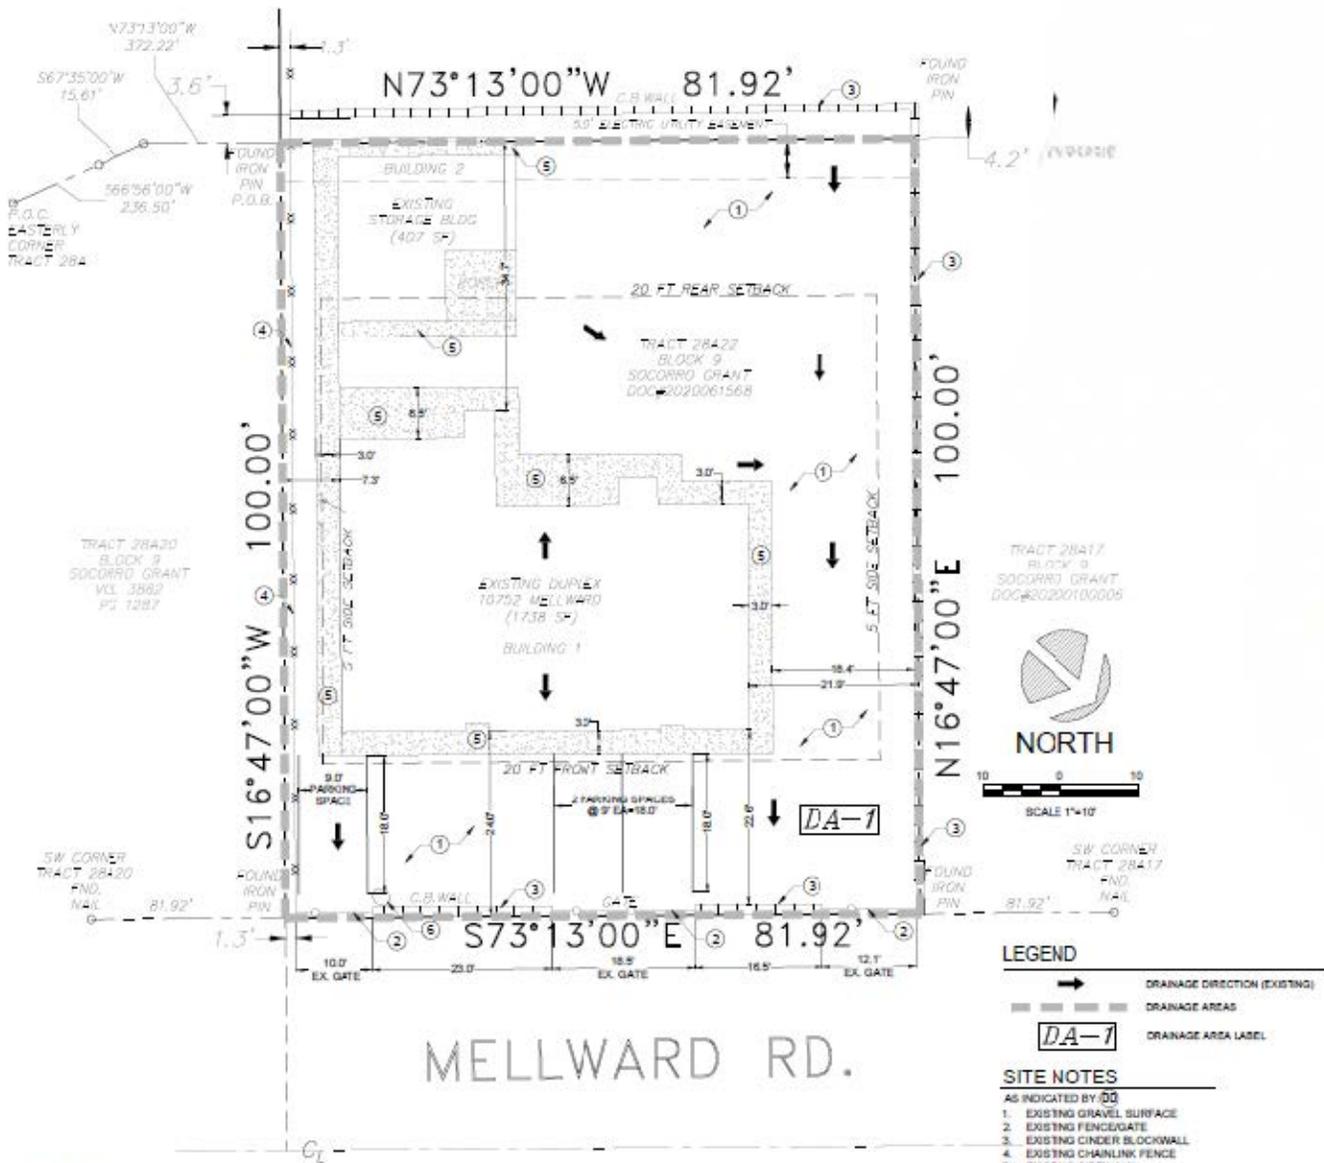

Atentamente,

Subject: Fw: Objection to Rezoning Request-Proposed Triplex Construction

Follow Up Flag: Follow up
Flag Status: Flagged

Date: 11/01/2025

Dear Commissioners,

I am writing as a homeowner residing within 200 feet of the property under consideration for rezoning from Single-Family Residential (R-1) to Medium-Density Residential (R-2) to accommodate the construction of a triplex. I respectfully urge the Commission to deny this request based on the following concerns:

1. Neighborhood Compatibility

The proposed zoning change is inconsistent with the established single-family character of our neighborhood. All surrounding parcels are occupied by detached single-family homes, maintaining a uniform scale, privacy buffer, and quiet environment. Introducing a triplex would fundamentally alter the character, visual rhythm, and sense of community that define this area.

2. Traffic and Parking Impacts

A triplex would significantly increase vehicle traffic and on-street parking demand in an area designed for low-density use. The added cars entering and exiting the property will create congestion, obstruct sightlines, and pose safety hazards for pedestrians and children.

3. Infrastructure and Drainage

Our existing infrastructure—particularly drainage, sewer, and water systems—was not designed for multi-unit occupancy. Additional impervious surfaces from larger structures and driveways will likely worsen runoff and flooding risks to adjacent homes.

4. Noise, Privacy, and Lighting

Multi-unit occupancy will generate greater noise levels, exterior lighting, and activity, directly impacting the privacy and quiet enjoyment of adjacent single-family properties. Second-story windows and shared outdoor spaces would intrude upon established residential privacy.

OPPOSITION E-MAIL

PAGE 2

5. Property Values and Stability

Transitioning to multi-unit housing in a single-family zone can diminish nearby property values by introducing higher occupancy turnover and rental traffic. Our neighborhood's stability depends on owner-occupied, low-density residences.

6. Comprehensive Plan Consistency

The proposed rezoning appears inconsistent with the city's adopted comprehensive plan, which designates this area for single-family use. Approval of this change would represent an instance of spot zoning, serving the interests of a single property owner without demonstrable community benefit.

For these reasons, I respectfully request that the Commission uphold the current zoning designation and deny the rezoning request. Preservation of our neighborhood's integrity, safety, and livability outweighs any benefit derived from the proposed triplex development.

Thank you for your attention and for allowing community input on this matter.

Respectfully submitted,

Sean Michael Galloway
