Announced a Border Highway East Corridor Study public meeting on Tuesday, August 4, from 5:30–7:30 p.m. at Clint High School. The meeting will review the technically preferred concept for the proposed 20-mile extension of the Cesar Chavez Border Highway from Loop 375 (Americas Avenue) to FM 3380. Staff and commissioners were encouraged to attend and provide feedback.

Reported that the Moon Road Complete Streets Project has officially begun following execution of the grant agreement and a kickoff meeting with the project engineer. The planning effort covers approximately 2.17 miles of Moon Road, from Socorro Road to its current terminus, and will include extensive public engagement to develop a multimodal complete street concept. Future funding will be needed for construction and potential extension of the roadway.

Provided an update on the Paso del Norte Trail Project, noting that the 60% schematic design was reviewed with TxDOT. Coordination continues with utility providers and property owners to finalize the trail alignment. Overall, the review was reported as successful.

Reported progress on a transit service expansion agreement involving the City, Sun Metro, and ETA to support expanded transit services in Socorro through shared federal transit funding.

Updated the Commission on the Transit-Oriented Development Feasibility Study, stating that the project is currently in the advanced funding agreement phase with TxDOT. The study also includes the future purchase of microtransit vehicles, with project closeout anticipated in October 2028.

Reported that the Passmore and Vineyard Bridge Replacement Project has completed the schematic phase. Construction is anticipated to begin during the October 2026 construction season, with one bridge constructed first and the second during the 2027 construction season.
